SOUTH JORDAN, Utah, March 07, 2023 (GLOBE NEWSWIRE) -- Cricut, Inc. ("Cricut") (NASDAQ: CRCT), the creative technology company that has brought a connected platform for making to millions of users worldwide, today announced financial results for its fourth quarter and full year ended December 31, 2022.

"We entered 2022 expecting to deliver much better financial results. Our results reflect the challenging macroeconomic conditions throughout the year and pressure from excess channel inventory that impacted revenue from Connected Machines and Accessories and Materials. Despite this, we ended the year with healthy growth in new users and paid subscribers," said Ashish Arora, Chief Executive Officer of Cricut. "Nearly three quarters of our user base cut a project in 2022, highlighting the value we bring to the Cricut community and the significant opportunity we have to drive increased engagement. We benefit from a healthy pipeline of potential users, a strong existing user base, a platform approach and strong balance sheet. We'll continue to focus on new user acquisition and increased engagement and monetization, which will position us well for when consumer spend returns."
